1 Introduction

1.1 GSA Reverse Auctions

ReverseAuctions.gsa.gov is an efficient and cost-effective platform for buying non-complex commodities and simple services. It's designed to drive down the total cost of acquisitions and increase savings to customers and taxpayers.

Use ReverseAuctions.gsa.gov to facilitate your request and submission of quotes for simple commodities and services through GSA Multiple Award Schedules (MAS) and Blanket Purchase Agreements (BPAs).

On ReverseAuctions.gsa.gov, you can solicit non-complex commodities and simple services while the sellers successively bid prices down until the auction time ends. An award can be made to the apparent low bidder if it meets the solicitation's terms and conditions and is technically acceptable.

In order to use ReverseAuctions.gsa.gov, you'll need a valid GSA eBuy username and password.

If you don't have an eBuy username and password, register here:

<https://www.ebuy.gsa.gov/advantage/main/registration.do>.

NOTE: OPEN MARKET – Buyer

GSA will collect a OM Fee on all Platform Open Market acquisitions. GSA will collect the OM fee per line item to be remitted by the Vendors to GSA. On the Platform the bid price offered by the Vendor and viewed by the Buyer is inclusive of the OM fee. The Buyer shall ensure that the award amount of the contract/order placed by the Buyer shall be inclusive of the OM fee. The GSA Reverse Auction Platform displays the actual OM fee amount for each line item on an auction in the "Bid Abstract Report" and the "Level III Report."

GSA has the unilateral right to change the OM fee percentage or ceiling limit at any time, but not more than once per fiscal year. FAS will provide reasonable notice prior to the effective date of any such change.

GSA will collect the OM fee from the Vendor and GSA will be responsible for OM fee collection disputes should they arise including, e.g., pursuing claims as necessary against Vendors; however, the Buyer is recipient and beneficiary of GSA's services in furnishing the Platform for Open Market use and accordingly in the event that GSA, despite good faith efforts, is unsuccessful in collecting the OM fee from the Vendor then the Buyer understands and acknowledges that Buyer is ultimately responsible for ensuring GSA is reimbursed the OM fee.

See the current Terms and Conditions on the GSA Reverse Auction site reverseauctions.gsa.gov for more information on Open Market and Open Market fees.

The Reverse Auctions helpdesk is available Monday through Friday from 7:00 am to 6:00 pm, Central Time Zone.

2.2 Training

For Buyer or Vendor Training, contact us at ReverseAuctions@gsa.gov.

2.3 System timeout

User sessions will timeout after 60 minutes of inactivity. A reminder will pop up 5 minutes prior to expiration, allowing users to extend their session. Note: session timeouts are only reset when a user navigates to a new page or submits a form.

2.4 System Availability

The GSA Reverse Auctions system will be operational:

- Monday through Friday 24 hours a day
- Saturday from 12AM-5AM and 8AM-11:59PM Central Time Zone
- Sunday from 12AM-6AM and 10AM-11.59PM Central Time Zone

The system will not be operational during the following maintenance windows:

- Saturday 5AM-8AM Central Time Zone
- Sunday 6AM-10AM Central Time Zone

A system maintenance page will be displayed when a user tries to access the system during a maintenance window informing the user that the site is unavailable due to system maintenance.

Auctions may be automatically extended based on the circumstances indicated in the Terms and Conditions. It is recommended Buyers and Vendors understand how the automatic extension works. Please visit the Terms and Conditions at http://reverseauctions.gsa.gov/html/terms_and_conditions.html

3 Using GSA Reverse Auctions

3.1 Accessing Reverse Auctions

To access GSA Reverse Auctions:

1. Type <http://ReverseAuctions.gsa.gov> into your web browser.

The Reverse Auctions Home Page, shown in Figure 3-1, will be displayed.

Figure 3-1 Reverse Auctions Home Page

3.2 State and Local Users

State and Local Governments can use <http://ReverseAuctions.gsa.gov/sateandlocal> to access applicable GSA Federal Supply Schedule contracts under the authorities of the Cooperative Purchasing and Disaster Purchasing Programs.

State and Local government entities that have a valid GSA eBuy account can use their current User ID and Password to access the GSA Reverse Auction website. Those that do not can register here: <https://www.ebuy.gsa.gov/advantage/main/registration.do>.

3.2.1 Cooperative Purchasing Program

Purchase Security and Law Enforcement equipment from GSA Schedule 84 and Information Technology Products from GSA IT Schedule 70 and the IT Special Item numbers on the Consolidated Schedule. To learn more, go here <http://www.gsa.gov/portal/category/100739>.

3.2.2 Disaster Purchasing Program

Purchase directly from all GSA Federal Supply Schedule vendors to support disaster preparation and response or recovery from declared disasters or acts of terrorism. To learn more, click [here](#).

3.2.3 What State and Local government entities are eligible to use GSA Reverse Auctions?

40 U.S.C § 502 (c) offers the following definition of state or local government: "The term, "State or local government" includes any state, local, regional, or tribal government, or any instrumentality thereof (including any local educational agency or institution of higher education)." The term does not include contractors or grantees of state or local governments. Additional information on eligibility and entities that may need additional assistance in determining eligibility can be found here: <http://www.gsa.gov/portal/content/192895>.

3.3 Buyer Login / Authentication

In order to access GSA Reverse Auctions you will need a valid GSA eBuy Buyer username and password. If you do not have an eBuy username, refer to section 3.4.

To log into Reverse Auctions as a Buyer:

1. Access the Reverse Auctions Home Page, shown in Figure 3-1, and click the **Buyer Login** link.

The Buyer authentication box, shown in Figure 3-2, will be displayed.

5 Auctions

The Auctions module allows a buyer to create and manage auctions. A Buyer can create a new auction by copying an existing auction and then updating the various sections of the Auction prior to review and finalization or by using a new Auction template and entering information in the various sections.

The Auctions screen allows you to:

- **Create Auctions**
 - Copy an existing auction
 - Create a new auction
 - Add line items
 - Select vendors
 - Add attachments
 - Review and finalize an auction
- **Manage Auctions**
 - Update or delete draft auctions
 - Cancel auctions
 - Update auction Q&As
- **Auction Amendments**
 - Amend an auction
 - Amend line items
 - Amend attachments
 - Review and finalize amendments

- **View amendment histories**
- **Manage Bids**
 - **View and Cancel Bids**

5.1 Creating a New Auction

This section describes the process of creating an Auction from a blank template, including:

- **Creating a new Auction**
- **Adding Auction Details**

To create a new Auction:

1. Log into Reverse Auctions as a Buyer, and click **Auctions** on the menu bar at the top of the screen. The Auctions screen will display a list of Active Auctions.
2. Click the **Create Auction** link on the left of the Auctions screen. The **Create Auction** screen, shown in Figure 5-1 Create Auction, will display a blank auction template.

Figure 5-1 Create Auction

3. Populate the fields as follows:

- Select the **Auction Type** (BPA, MAS, MAC or Open Market) from the Select Type drop-down. Note: available contract types are dependent on your agency affiliation.
- Select a **Schedule** from the Select Schedule drop-down. The Schedule determines the goods and services for which the auction can be conducted.
- Select the **SIN**. Special Item Number (SIN) is used to determine which vendors will be allowed to bid on a Line Item. Only vendors with a valid contract for that SIN will be allowed to bid.
- The **Add Schedule** button, which is displayed if the auction type is MAS, lets you add multiple Schedule/SIN to the auction. Click the **Add Schedule** button after selecting a Schedule and SIN. The selected Schedule/SIN will be added to the auction and displayed under **Selected Schedules** section. To remove a Schedule/SIN, click the **Remove** button next to that Schedule/SIN.
- Select **Classification Code** if the auction type is Open Market.
- Select **NAICS** code if the auction type is Open Market.
- Enter the **Auction Name**. The Auction Name, which is limited to 100 characters, will be displayed on Buyer and Vendor auction listings.
- Enter an **Alternate ID** if desired. This is an optional, free text field used to associate the auction with an internal procurement for cross reference and reporting purposes. Alternate ID is limited to 30 characters.
- Select the **Award Type** (Single or Multiple) from the drop-down. The Award Type indicates whether you want to award all of the Line Items to a single vendor or multiple vendors and will be displayed to the vendor. For single award type auctions vendors will be required to provide quote/bid for all line items.
- Select the **Bid Decrement** from the drop-down. This is the minimum amount the next bid must be decreased below the current winning bid. Buyer can select 0.25%, 0.5%, 0.75%, 1%, 2% or 3% of the IGE (Total Price). Bid decrement defaults to 0.25% and the bid decrement selected will be applied to all line items for the auction.
- Select **Shipping Address** from the drop-down. The shipping address selected will be applicable to all line items. Buyers can still update shipping address for individual line items on the Auction details screen.
- Check the **Two Step Procurement?** Check-box if, only vendors that are selected by buyer are allowed to participate in the bidding process. Otherwise, all vendors that belong to that particular schedule/SIN will be able to participate. By selecting the Two Step Procurement Checkbox you are using GSA's Reverse Auction Platform to invite vendors from an RFQ outside of GSA Reverse Auction platform to participate in the price portion of the solicitation. When checked, bidding will be limited to only those vendors manually selected. This is similar to a pass/fail step on Technical Factors or down select process. If the Two Step Procurement checkbox is not selected, all vendors with a contract awarded against the selected GSA and VA schedules and/or Agency GWAC or Multiple Award IDIQ Contracts may be provided the opportunity to participate. **Note:** Currently this feature is not available for DHS First Source II contracts and Open Market auctions.
- Select a purchase description from the **Brand Name / Brand Name or Equal** drop – down. The options available are Meets or Exceeds, Brand Name, Brand Name or Equal. If no selection is made, Meets or Exceeds will be the default option.

- Select the **Delivery Method** and indicate the parameters for the delivery in the field that is displayed. The field displayed will depend on the Delivery Method selected.
 - **Days after Receipt of Order.** If this option is selected, the Buyer should enter the number of calendar days that the vendor has to deliver the item after the order is received.
 - **Date of Award to Date of Completion.** If this option is selected, the Buyer should select the date that the purchase was formally awarded.
 - **Period of Performance.** If this option is selected, the Buyer should specify the allowable timeframe for delivery by selecting a start and an end date.
 - Enter a **Description**. The description is used to convey important information to vendors. The auction description is limited to 4000 plain text characters.
4. Click the **Save & Next** button to create your Auction.

Based on the auction type, either the **Vendor Selection** screen or the **Vendor Email** screen will be displayed next.

The **Vendor Selection** screen for the new Auction, shown in Figure 5-2 Vendor Selection, will be displayed for all auction types other than Open Market. For Open Market auctions, the **Vendor Email** screen shown in Figure 5-3 Vendor Email will be displayed. The Auction ID (shown in the Vendor Selection/Vendor Email screen) will be generated automatically.

Figure 5-4 Vendor Selection

The vendor selection screen displays a list of all the vendors that are allowed to bid in the Auction. The vendor names that appear on the screen depend on the SIN selected when you created the auction. The list of vendors cannot be modified. The only change that can be made – if the Auction Type is ‘MAS’ – is to specify which vendors will be sent an auction invitation email notification. By default, emails will automatically be sent to all vendors on the list. If Auction Type is ‘MAS’, the check-boxes next to Vendor IDs can be unchecked, which prevents those vendors from receiving an auction invitation email. All of the vendors on the list however will still be allowed to bid on the auction.

6. Select/de-select Vendor IDs (if the Auction Type is 'MAS') to indicate which vendors will receive emails about the auction, and then click one of the following buttons on the screen.
 - **Save and Back:** To save your changes and return to the Create Auction screen.
 - **Save Selection:** To save your changes and return to the Vendor Selection screen.
 - **Next for Details:** To save your changes and display the Auction Details screen.
7. If you clicked the **Next for Details** button, the Auction Details screen, shown in Figure 5-5 Auctions Details will be displayed. The Auction Details screen displays Auction Details at the top of the screen and a blank Line Item template below.
8. For Open Market auctions, email invitations will automatically be sent by default to all Open Market vendors registered with the Platform that have a NAICS code that matches the auction. If a Buyer wishes to invite a particular vendor to an auction but the Buyer is uncertain whether the vendor is registered with the Platform or holds the NAICS code for the auction, then the Buyer has the ability to enter email addresses for any vendors that the buyer would like to invite to the auction in the **Vendor's Email Address** text box shown in Figure 5-3 Vendor Email. Click one of the following buttons on the screen.
 - **Back:** To return to the Create Auction Screen.
 - **Next:** To save any email addresses entered and display the Auction Details Screen. If you click the **Next** button, the Auction Details screen, shown in Figure 5-5 Auctions Details will be displayed. The Auction Details screen displays Auction Details at the top of the screen and a blank Line Item template below.

Figure 5-5 Auctions Details

9. Add Line Items to your Auction as follows:

- Enter the **Product/Service Name**. This is a free-text product service name and description. The Product/Service Name is limited to 75 Characters.
- Enter the Manufacturer's **Part Number**. The Part Number is limited to 20 Characters.
- Enter the name of the **Manufacturer**. The Manufacturer is limited to 20 Characters.
- Select a **Unit of Measurement** from the drop-down.
- Enter the **Quantity** requested.
- Enter the **IGE**. The IGE (Independent Government Estimate) is an ideal desired result identified by the Buyer when creating the auction.
- Enter a **Funding Code** if required. This may be a MIPR, DoDAAC, AAC or Funding Document Number. This data will be populated on the Level Data Report. The Funding Code is limited to 30 characters.
- Select the **Shipping Address** from the drop-down list (If you would like to add a new shipping address, please select the **ADD NEW SHIPPING ADDRESS** option from the drop-down list. A blank shipping address screen will be displayed. Enter the new address and click on the **Save & Back** button to save the new address and return to the Auction Details screen).
- Enter the **Product Description**. The Product Description is limited to 255 characters.
- **The Delivery Method selected in the Create Auction screen (Figure 5-1 Create Auction) will be preloaded. To change it, select the Delivery Method and indicate**

the parameters for the delivery in the field that is displayed. The field displayed will depend on the Delivery Method selected.

- **Days after Receipt of Order.** If this option is selected, the Buyer should enter the number of calendar days that the vendor has to deliver the item after the order is received.
- **Date of Award to Date of Completion.** If this option is selected, the Buyer should select the date that the purchase was formally awarded.
- **Period of Performance.** If this option is selected, the Buyer should specify the allowable timeframe for delivery by selecting a start and an end date.
- To upload line items:
 - Download the template by clicking the 'Download Excel Template' link.
 - Populate the spread sheet with the required line items with relevant data.
 - Save file with a different name.

10. Modify the line item as necessary and then click one of the buttons at the bottom of the screen, as follows:

- Click **Prev** to return to the Vendor Selection screen without saving changes to the line item.
- Click **Update Line** to save your line item and display a new line item template.
- Click **Next** to save your line item and add attachments to your auction.

11. Complete Auction Attachments and Review and Finalize steps in section 5.1 Create Auction to complete the Copy Auction process.

5.3 Vendor Selection

The Vendor Selection screen displays a list of all of the vendors that are allowed to bid in the Auction. The vendor names that appear on the screen depend on the SIN selected when you created the Auction. The only change that can be made to the list of vendors – if the Auction Type is ‘MAS’ – is to specify which vendors are to be sent an email about the auction. By default, emails will automatically be sent to all vendors on the list. If Auction Type is ‘MAS,’ however, the check-boxes next to Vendor IDs can be removed, which prevents those vendors from receiving emails about the auction. All of the vendors on the list, however, will still be allowed to bid in the auction.

To perform Vendor Selection on a draft auction:

1. Log into Reverse Auctions as a Buyer, and click **Auctions** on the menu bar at the top of the screen. The Auctions screen will be displayed.
2. Click the **Vendor Selection** button on the left side of the screen. The **Vendor Selection** screen, shown in Figure 5-21 Vendor Selection, will be displayed.

3. Enter the email address(s) of the buyer(s) that you would like to **share the auction with**. Separate multiple email addresses with commas.
4. Add optional comments that will be included in the email notification to the recipient buyer.
5. Click the **Submit** button to **share** the auction.

6.2 Draft Auction List

The **Draft Auction List** module allows a Buyer to return to the last position in the creation of an auction that was completed so the rest of the auction information can be entered and the auction can be completed and finalized.

To return to a draft auction:

1. Log into Reverse Auctions as a Buyer and click **Auctions** on the menu bar at the top of the screen. The **Auctions** screen will be displayed.
2. Click the **Draft Auction List** link on the left. The **Create Auction** screen, shown in Figure 6-6, will be displayed.

The screenshot shows a web interface for creating an auction. On the left side, there is a vertical navigation menu with the following items: 'Auctions' (with a sub-item '> Copy Auction'), 'Create Auction' (highlighted), 'Vendor Selection', 'Auction Details', 'Auction Attachments', 'Review & Finalize', 'Manage Auctions' (with sub-items '> Draft Auction List', '> Cancel Auction', '> Q&A Maintenance'), 'Auction Amendment' (with sub-items '> Amend Auction', '> Amend Line Items', '> Amend Attachments', '> Amendment Review & Finalize', '> Amendment History'), and 'Manage Bids' (with sub-item '> View & Cancel Bids'). The main content area is titled 'Create Auction' and features a single dropdown menu labeled 'Auction ID:' with the text 'Select Auction ID' and a downward arrow.

Figure 6-6 Create Auction

3. Select the Auction to be updated from the Auction ID drop-down list.

The last screen in the selected Auction that was completed will be displayed. In this example, the Create Auction screen, shown in Figure 6-7, was the last screen saved.

6.4 Q&A Maintenance

The Q&A module allows the Buyer to enter questions from Vendors about the Auction and provide answers, which will be accessible by the Vendors. The Buyer can also update existing entries.

To: maintain questions and answers:

1. Log into Reverse Auctions as a Buyer and click **Auctions** on the menu bar at the top of the screen.
2. Click the **Q&A Maintenance** link on the left.

The **Q&A Maintenance** screen, shown in Figure 6-10 Q&A Maintenance, will be displayed.

Figure 6-10 Q&A Maintenance

3. Select an Auction ID from the drop-down list.

The Q&A Maintenance screen, shown in Figure 6-11 will display a list of existing questions and answers and a blank Q&A template to let you add answers to any new questions.

Figure 6-11 Q&A Maintenance

- To add answer to a new Question, select the question from the **Select Question** drop-down list. The question will be displayed in the **Question** text-box. Enter the answer in the **Answer** text-box and click the **Add Q&A** button.

The new Questions and Answers will be displayed in the Existing Q&A section and have a 255 character limit.

- To update/delete existing Q&A's: make changes as necessary and then click the **Update/Delete** button.

7 Auction Amendments

Auction amendments allow buyers to change many of the auction parameters that are established during auction creation while the auction is in preview or active status. In order to amend an auction, line item, or attachments you must first start with **Amend Auction**. When a buyer performs an amendment to an auction, line item or attachment email notifications regarding the amendment are sent to the vendors participating in the auction. When you amend auction line items or attachments, your amendment may result in the cancellation of all vendor bids on that line item. Vendors will be notified via email and a system message that their bids were canceled due to an amendment. A table listing the amendable fields and if the amendment will result in vendor bid cancellation is shown below.

9 Awards

The Awards module allows a Buyer to view Completed and Pending Awards, and to Finalize Awards that are Pending. Once awards for all of the Line Items in an auction have been made, the buyer can review and finalize the awards and selected vendors will be notified.

9.1 Making Awards

This module describes how to award Line Items in an auction to single or multiple vendors.

9.1.1 Multiple Awards

The Multiple Awards functionality allows a Buyer to award Line Items in an auction to multiple vendors.

To make an Award to Multiple Vendors:

1. Log into Reverse Auctions as a Buyer, and click **Awards** on the menu bar at the top of the screen.

The **Pending Awards** screen, shown in Figure 9-1, will display a list of Auctions for which the awards have not been finalized. (If the Completed Awards screen is displayed, click the Pending Awards selection under Awards on the left of the screen.)

If all of the Line Items in an Auction have bids, both the Multiple Award and the Single Award button will be displayed. If one or more Line Items do not have a bid, only the Multiple Award button will be displayed. The Single Award button allows the buyer to award all of the Line Items in an auction to a single vendor at once. The Multiple Award button allows the buyer to award Line Items in an auction to multiple vendors.

9.1.2 Single Award

The Single Award functionality allows a Buyer to award all of the Line Items in an auction to a single vendor.

To make an Award to a Single Vendor:

1. Log into Reverse Auctions as a Buyer, and click **Awards** on the menu bar at the top of the screen.

The **Pending Awards** screen, shown in Figure 9-5 Pending Awards, will display a list of Auctions for which the awards have not been finalized. (If the Completed Awards screen is displayed, click the Pending Awards menu selection under Awards on the left of the screen.)

If all of the Line Items in an Auction have bids, both the Multiple Award and the Single Award button will be displayed. If one or more Line Items do not have a bid, only the Multiple Award button will be displayed. The Single Award button allows the buyer to award all of the Line Items in an auction to a single vendor at once. The Multiple Award button allows the buyer to award Line Items in an auction to multiple vendors.
